

Commodity Credit Corporation, USDA

§ 1464.2

§ 1464.1 Administration.

(a) This program will be administered by the Tobacco Division, FSA, under the general direction and supervision of the Executive Vice President, CCC. The program will be carried out by cooperative marketing associations (hereinafter referred to as "associations") acting on behalf of their producer members. To obtain a price support loan, an association must enter into a loan agreement with CCC. The loan agreement will set forth terms and conditions for making price support available to producers. To the extent provided in the loan agreement, an association shall meet the eligibility requirements for price support prescribed in the Cooperative Marketing Associations Eligibility Requirements for Price Support (part 1425 of this chapter), as amended. CCC reserves the right to restrict the number of associations with which it will contract. In so doing, CCC will select such associations as it deems necessary or desirable to effectuate the purposes of the program with a maximum of efficiency and economy of operations. The names of such associations may be obtained from the Tobacco Division, FSA, U.S. Department of Agriculture, P.O. Box 2415, Washington, DC 20013.

(b) Each year CCC will make loans to associations. The associations in turn will make price support advances available to eligible producers either directly or through auction warehouses. The tobacco on which producers receive price support advances will serve as security for the loans. Loans made to associations will include not only the initial loan value of the tobacco, but also amounts to cover costs of receiving, processing, storing, and selling the loan tobacco, including that part of overhead costs not borne by the association pursuant to § 1464.4. Associations will be authorized to enter into contracts for these services through the usual trade channels. Loans also may include amounts to cover any Federal and State income taxes which the associations are required by the Internal Revenue Service or State governmental body to pay on

income received from the sale of loan tobacco.

§ 1464.2 Availability of price support.

(a) *Kind of tobacco.* Price support will be available to eligible producers on the following kinds of eligible tobacco subject to conditions listed in §§ 1464.7 and 1464.8 respectively.

Flue-cured tobacco, types 11, 12, 13, and 14.
Kentucky-Tennessee Fire-cured tobacco, types 22 and 23.
Virginia Fire-cured tobacco, type 21.
Virginia Sun-cured tobacco, type 37.
Dark Air-Cured tobacco, types 35 and 36.
Burley tobacco, type 31.
Cigar filler and binder tobacco, types 42, 43, 44, 53, 54, and 55.

(b) *Method of providing price support—*

(1) *Through auction warehouses.* (i) Price support will be available for each lot of eligible tobacco offered for sale at auction warehouses which have contracted with an association, on a form of agreement approved by CCC, to make price support advances to producers on behalf of the association. Producers will deliver their tobacco to auction warehouses which will display the tobacco and offer it for sale at auction. Each contract between an association and an auction warehouse will require the auction warehouse to see that producers are informed that price support advances are available for each lot of eligible tobacco offered for sale at auction when the final bid is less than the price support rate available for the grade of eligible tobacco comprising such lot. For Flue-cured and Burley tobacco, the associations' contracts with auction warehouses will also require the auction warehouses to mark any tobacco sale bill "No Price Support" if the marketing of the pounds of tobacco covered by such bill will result in the producer marketing in excess of 103 percent of the producer's effective farm marketing quota. Producers will receive price support advances from the warehouse operator for any tobacco to be consigned by the warehouse operator to the association. Price support advances will be paid to the producer at the time the warehouse operator settles with the producer for the entire

§ 1464.3

quantity of the producer's tobacco that has been displayed for inspection and offered for sale on any one day's auction market. The warehouse operator will be reimbursed by the association with funds borrowed from CCC.

(ii) Price support will be available only at warehouses where tobacco inspection service is provided by the Agricultural Marketing Service, USDA. Inspection and price support services may be extended to new markets or to additional sales on established markets in accordance with this part and Subpart A of part 29 of this title which provides for formal public hearings prior to extending of additional services.

(iii) CCC reserves the right to direct the association to withhold a contract under the price support program from any auction warehouse for one or more years if, based on previous performance of similar contracts, or other evidence, there is substantial reason to believe that such warehouse will not fulfill its contract obligations.

(2) *Upon direct delivery to the Association.* Eligible producers in nonauction market areas may deliver eligible tobacco to central receiving points designated by the appropriate association.

(3) *Period of price support.* Price support will be available to eligible producers on eligible tobacco only during each year's normal marketing season for each kind of tobacco for which support is provided.

(4) Beginning with the 1981 crop, eligible producers may obtain price support on untied burley tobacco packed in bales subject to the following conditions:

(i) The quality and condition of the tobacco contained in each bale delivered for price support as a single lot will be representative of the quality and condition of the tobacco contained in all other such bales of the same lot.

(ii) The tobacco in each bale will be stalk-cured.

(iii) The bales will not contain foreign matter or conceal inferior tobacco.

(iv) Specification of bales:

(A) Bales must be approximately 1×2×3 feet in size.

(B) The leaves in bales must be untied and oriented.

7 CFR Ch. XIV (1-1-05 Edition)

(C) The basket ticket shall show the number of bales in the lot. Each bale in the lot shall be identified by a uniform identification tag 1½ inches wide by 3¼ inches long which shall be attached securely to the bale and shall show at least the following information: (1) Warehouse registration number, (2) basket ticket identification number, and (3) bale number.

§ 1464.3 Level of price support.

(a) The level of price support for eligible tobacco shall be determined in accordance with section 106 of the Agricultural Act of 1949, as amended.

(b) Flue-Cured tobacco of varieties Coker 139, Coker 140, Coker 316, Reams 64, Reams 266, and Dixie Bright 244, or a mixture or strain of such seed varieties or any breeding line of Flue-Cured tobacco seed varieties, including, but not limited to, 187 Golden Wilt (also designated by such names as No-Name, XYZ), having the quality and chemical characteristics of the seed varieties designated as Coker 139, Coker 140, Coker 316, Reams 64, Reams 266, or Dixie Bright 244 will be supported at one-half the support rate, plus 50 cents per hundred pounds, for comparable grades of acceptable varieties.

§ 1464.4 Deductions from advances.

(a) There may be deducted from price support advances paid to tobacco producers amounts to help defray administrative overhead costs incurred by producers associations through which price support is made available to tobacco producers.

(b) If any producer on a farm is indebted to the United States and such indebtedness is listed on the Claim Control Record, the Government will effect collection of the amount of the indebtedness by setoff from the amount of price support advance due the producer in the following manner: Any
